

Electric storage water heaters

OSV.ECO

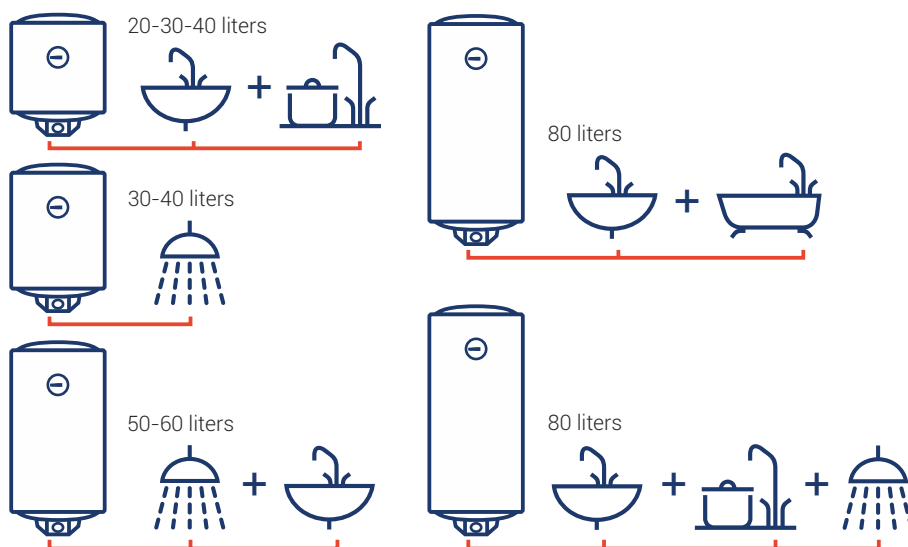

IP24

Water heaters perfect for small bathrooms, with a diameter of 36 cm only.

Application

Most important advantages

ECO driver

- temperature range from 20-77°C
- antifreeze mode 7°C and AUTO mode
- AUTO mode allows to set working time and water temperature according to user's individual needs using a smartphone with Android system. It provides the most economical use of our device.

Enamelling technology

- unrivalled quality

Slim - diameter only 36 cm

- slim storage water heater was designed especially for places with limited space
- thanks to reducing the width to 36cm only, it occupies much less space than traditional storage water heaters

Dimensions

Type	Dimensions (mm)
OSV.ECO-20	427 x 363
OSV.ECO-30	519 x 363
OSV.ECO-40	689 x 363
OSV.ECO-50	809 x 363
OSV.ECO-60	927 x 363
OSV.ECO-80	1167 x 363

Inlet and outlet section Gz 1/2"
Distance between inlet and outlet 110 mm

Technical data

Type	Rated power / Rated voltage	Max supply water pressure (MPa)	Capacity (l)	Heating time $\Delta t = 40^\circ\text{C}$ (min)
OSV.ECO-20	2 kW / 230V	0,6	20	27
OSV.ECO-30	2 kW / 230V	0,6	30	41
OSV.ECO-40	2 kW / 230V	0,6	40	54
OSV.ECO-50	2 kW / 230V	0,6	50	69
OSV.ECO-60	2 kW / 230V	0,6	60	86
OSV.ECO-80	2 kW / 230V	0,6	80	112
