Prevent pipe system from limescale build up. Free of maintenance, no operating costs.

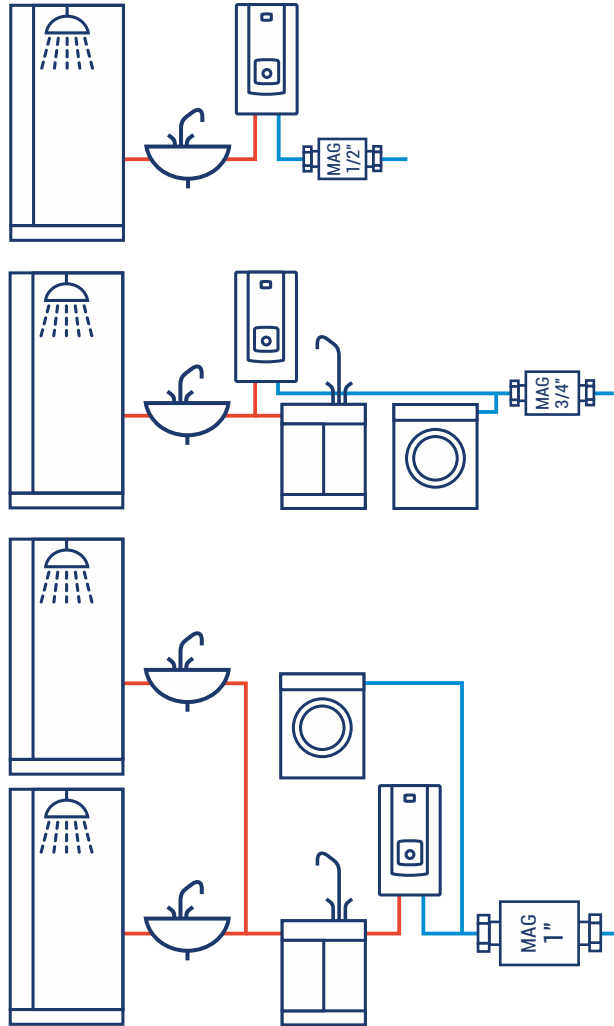

Most important advantages

Magnetic descaler works by applying electromagnetic field to the water. The electromagnetic field changes condition of water as it passes through the pipes. This prevents build-up of new limescale and removes the existing limescale.

Advantages of using magnetic descalers:

- extends the life of water appliances and water piping systems
- eliminates limescale from water appliances and dishes
- preserves mineral content of drinking water
